METCALF
CHESSCATS

Parent Informational Meeting

LOTS OF CHANGES THIS YEAR!!

Wednesday, September 19th at 5:30pm

Hayden Auditorium at Metcalf

We are very excited to begin another great season of chess. Chess has been called "the perfect teaching and learning tool". It promotes focus, visualization and strategic thinking.

Our goal is to provide a fun and positive educational experience for our students. In addition, we participate in local, state and national chess tournaments, consistently placing among the top schools in the state. Chess is a parent organized activity that relies on volunteer help to operate.
