

# MISSION TO MARS

AN OUT OF THIS WORLD EXPERIENCE  
FOR GRADES 3-5 AND 6-8!

Imagine yourself as part of the team of scientists, engineers, and astronauts who will launch the first successful manned mission to Mars in 2026.

At the Mission to Mars ISU STEM camp, you will explore ways to get to Mars, land on Mars, live on Mars, study Mars, and return safely to earth.

During the camp you will get to...

- Launch rockets
- Create a means to successfully land humans on Mars
- Explore the planet, testing and analyzing rocks, soil, and atmosphere
- Search for evidence of water on the Martian surface
- Develop ways to grow food on Mars
- Construct a settlement for you and your fellow space pioneers
- Develop a way to safely return to and land on planet earth

At the Mission to Mars ISU STEM camp, you will do all of these things so that you are ready to play an historic role in Man's first visit to the mysterious red planet we call Mars.

**For more information visit: <http://missiontomars.illinoisstate.edu> or contact ISU Conference Services at (309) 438-2160.**

Camp #1: July 11-15, 2016  
Camp #2: July 18-22, 2016  
9:00 AM - 2:15 PM daily

Online Registration  
begins April 18<sup>th</sup>!
