LABORATORY SCHOOLS
SCHOOL MEDICATION AUTHORIZATION FORM

If a student must receive prescription or non-prescription medication at school, the following written request completed and signed by both the licensed prescriber (i.e. Physician, NP, Dentist or Podiatrist), and the parent or guardian must be on file at the school. The appropriate form is available at WEBSITE or can be requested from the School Nurse. You must have the doctor’s portion completed or a prescription for every prescription or non-prescription medication except sunscreen (for sunscreen, please complete the Sunscreen Permission Form).

All prescription medication must be in the original container labeled by the pharmacist or licensed prescriber. Local pharmacies will provide an extra prescription bottle upon request. The label must include: Name of Student, Name of Medication, Dosage, Time to be Taken, Prescriber’s Name, and Date

Non-prescription medication (i.e. Tylenol, ibuprofen, etc.) must be in the original labeled container with the student’s name affixed to the container.

All medications (prescription and nonprescription) must be kept locked in the nurse’s office or in the school office when not in use. Students are not allowed to carry any medication on their person. The only exception is inhalers and EpiPens, which the student may carry, ONLY if a medication form authorizing the student to self-administer is on file (a backup dose should also be provided to the school nurse).

Unless ordered for a short term, all requests for self-administration of medication will expire at the end of the school year. If the parent/guardian does not pick up any unused medication after notification, the School Nurse shall dispose of the medication. No medication will be provided by the school.
